

About Malawi Stock Exchange

Building Malawi's capital markets for sustainable economic growth and investment opportunities.

30+
Years Operating

14 + Listed Companies

Market Cap (MK)

50K + Active Investors

Mission

To provide a transparent, efficient, and regulated platform for capital formation and securities trading that facilitates economic development, protects investors, and promotes financial inclusion across Malawi.

History

The Malawi Stock Exchange (MSE) was established in 1995 as part of Malawi's financial sector reforms.

Since its inception, MSE has played a crucial role in mobilizing domestic savings and channeling them towards productive investments.

Over the years, we have evolved from a small trading floor to a modern electronic exchange, embracing technology to improve accessibility and efficiency.

Today, MSE operates three distinct markets: the Main Board for established companies, EDGEx for small and medium enterprises, and the Debt Board for fixed-income securities.

Our commitment to market development has attracted diverse listings across banking, telecommunications, manufacturing, and other key sectors of the Malawian economy.

Core Values

Integrity

Upholding the highest standards of honesty and ethical conduct in all operations

Transparency

Ensuring clear, timely, and accurate information for all market participants.

Innovation

Embracing technology and best practices to enhance market efficiency.
